

# 5 STAR STUDENTS

## WHAT IS IT?

5-Star Students is a program we are using to encourage and track student involvement.

## WHY?

When students are involved, they are more likely to perform better academically, have fewer disciplinary issues, and attend more school days.

## INVOLVEMENT

Involvement ranges from being on a sports team to attending a club meeting. With 5-Star Students, we can keep track of activities, events, and behaviors.

## HOW IT WORKS

Administrators will be using their mobile barcode scanners or mobile devices to scan student ID cards to track participation.

## INCENTIVES

Students can earn points for their involvement. Each activity, event, or behavior can be associated with a point value. Students can use those points for rewards and incentives.

## STAY UP TO DATE

Students can view their 5-Star Students account on our school webpage or use the 5-Star Students Mobile App, if available.
